

*Maybe  
Somewhere  
Else*

Writer & Director :  
ALI T ASDIGHY

Sometimes life becomes so ruthless that  
you can't even bear to think about it ...

## ***SYNOPSIS***

"Maybe Somewhere Else" tells the heartfelt story of Pendar, a 7-year-old boy facing his mother's terminal cancer diagnosis. Pendar's world is turned upside down as he grapples with grief, fear, and the impending loss of his mother. To cope, he seeks refuge in his own imagination, where he confronts profound questions about life, death, faith, and hope.

## ***DIRECTOR'S NOTE***

Mother, an angel without whom life has no color, no smell, no taste, is not life at all, just passing moments... Especially for a child, what happens when a child sees his mother standing on the edge of a dark abyss, grappling with death? He must help her, but what can a child do? He must go to those around him and ask them what can be done. He is a child, he still does not know the ways of the world.
